## Kaner, Fiedler, & Associates, LLC

Cem Kaner, JD, PhD and Rebecca L. Fiedler, MBA, PhD announce a new venture, KANER, FIEDLER, & ASSOCIATES, LLC.

Cem and Rebecca co-developed the popular *Black Box Software Testing Online Courses* with support from the National Science Foundation\*. Now that the National Science Foundation projects are coming to a successful conclusion, Kaner and Fiedler are available to bring their expertise to you.

We can offer online professional development courses to your test group including:

- Foundations in Software Testing
- Bug Advocacy – for better bug reporting
- Test Design

Classes use a combination of challenging exercises, engaging video lectures, participants' real-world experiences, and skill-building assignments to develop critical thinking and practical skills in your testers.

We can offer face-to-face courses including:

- Software Metrics
- Qualitative Methods

We can also work with you to:

- develop computer-based or online training in any discipline, or
- convert your face-to-face courses to high-quality computer-based or online courses.

\*These courses were supported by NSF Grants EIA-0113539 ITR/SY+PE: "Improving the Education of Software Testers" and CCLI-0717613 "Adaptation & Implementation of an Activity-Based Online or Hybrid Course in Software Testing" Any opinions, findings and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation.
